## QUICK NOTES / VERIFY WITH THE BAR

- **Signature menu drinks are the priority.** The 15 drinks with a price are what guests actually order off the printed menu (DINE-IN ONLY). Learn those cold first, then the wall and off-menu ones.
- **My Thai Smile** has the biggest conflict: recipe card floats Cutwater Tiki dark rum, printed menu says Myers's dark rum, and the menu lists peach schnapps plus Domaine de Canton ginger that only appear on the handwritten sticker. Ask which build is current.
- **Spicy Mango, Lotus Blossom, and Lychee Martini** are on the printed menu but have no recipe card in the photos. Get pour counts for all three, especially Lotus Blossom at \$39.95.
- **Jasmine Sling:** card says iced tea, menu says jasmine tea.
- **Sumo in a Sidecar:** the sake product on the card was hard to read. Verify.
- **Margitini** and **Nutty Old Fashion** spellings kept exactly as the menu prints them.
